Mitel Mobility for BlackBerry MVS 5

Driving Uniqueness

1. Deliver Smartphone Only IP Solution

- Support all types of workers – desk users, blended users and mobile users only. Avoid buying multiple devices.

2. Seamless Call Handoff Without Restrictions

- Move call (push & pull) between any devices in the users Personal Ring Group, and between mobile and Wi-Fi networks

3. Flexible Deployment Scenarios

- Install Mitel Communications Director, BlackBerry Enterprise Server and BlackBerry MVS as separate appliances or a single VMware virtualized appliance

4. Embedded Mitel Communications Director Mobility

- Features core mobility settings regardless of networks and devices

Unify Mitel

desk phone features on
BlackBerry® smartphones
and Wi-Fi networks
